Presentation to Mr. Stull

On the afternoon of Thursday last we went to the Public School of Prince Albert, it being the closing day of Mr. Stull's term of office as teacher in that school. We felt interested in the matter, as Mr. Stull has been a teacher in this town for a number of years and has given general satisfaction to parents and teachers during the term he has been in curriculum. Mr. Stull taught school for some time at Portage la Prairie previous to his coming here and from all we can learn the people there were well satisfied with his work among them. For our own satisfaction we intimated to Mr. Stull our desire to see him examine the scholars in some subjects; which he did, and we were surprised to see the satisfactory manner in which the scholars acquitted themselves. Intricate questions in arithmetic which would have puzzled many older heads were worked out correctly and neatly in quick time, showing to us that young as the pupils were they were fairly well posted in this part of mathematics. Their reading and spelling were very good as also their writing, which was excellent. At the close of the exercises Mr. Rose, the principal, entered and invited the scholars to the superintendent's room where all the pupils of the establishment were collected with their several teachers. Miss Jennie McTaggart then stepped forward and read the following address to Mr. Stull:

To MR. FULLER,  
Dear Teacher, We, the pupils of  
Prince Albert school, feel we cannot  
allow this occasion to pass without  
showing in some way our appreciation  
of the many kind services you have  
rendered us and expressing our regret  
for the position in which you are  
placed. We therefore ask you to ac-  
cept these poems not on account of  
their real value but as a memento of  
the good will we bear towards you.  
You may rest assured that in what-  
ever you undertake you have our best  
wishes for success and a happier life.  
Signed on behalf of the pupils,  
JENNIE McTAGGART,  
LENA KROH,  
DESSIE THOMPSON.

Miss Lena Kidd then handed to Mr. Stull, three handsomely bound volumes, consisting of the works of Robert Browning, T. S. Heman and Lord Byron.

Mr. Hull, in attempting to reply broke down entirely, and was unable to proceed farther than a few words. A few remarks were made by Mr. D. Maveety, Mr. Jas. Stewart at Mr. Ross, expressing their high appreciation of the services of Mr. St. Albert has been identified for so long a time and expressing deep regret that he was deprived of the opportunity of continuing to fill the place he has hitherto occupied with credit to himself and satisfaction to the parents and children.

The only place in town where you can get your watch fixed or your jewelry repaired is at the Post Office Store. Two practical men on hand at the time.

The greatest papers in Great Britain and the United States freely acknowledge the wonderful merit of the *Family Herald and Weekly Star*, Montreal. The *Family Herald* is a great newspaper, and a great family paper, but it is more than that, it is one of the greatest authorities in the world on cheese, butter, general dairying, and general farming. How a progressive, up-to-date farmer can do without the *Family Herald and Weekly Star* of Montreal is hard, indeed, to understand.

The Manitoba Free Press in speaking of the Uxbridge Piano says: "They are genuine works of art, and reflect the highest credit upon the firm which has produced them. The old style of upright pianos is thrown into the shade. The Uxbridge Piano has a continuous back which will be appreciated in the playing of the instrument. The performer touches a lever at the keyboard is uncovered, and the hinged lid turns out of sight, and the instrument presents the same artistic appearance when open as when shut. The Organs manufactured by the Uxbridge company have been in use for over twenty years and require no special description as they are so well-known and liked in the homes of the thousands over the whole world. However, the company is manufacturing six Oct. Organs in Piano case which having a beautiful finish. The Pianos are made in Uxbridge, Ontario, and are sold to Canadian enterprises, being exported to Europe, Australia, and the United States, Japan, and South American."

Utility of the sand blast.

The use of the sand blast is now found to be a very convenient and effective method of cleaning buildings. A pump which forces a blast of air at a pressure of four ounces to the square inch through a system of flexible pipes removes the unsound surface of stone readily. One square foot of stone can thus be cleaned in ten minutes and the rapidity of the process can be increased by the use of a higher pressure. This method has been found to possess many advantages over the use of acid for this purpose. Another, though an older, application of the sand blast is for the whitening of the outside of incandescent lamp bulbs, and decorative effects are often introduced by fastening letters or ornaments upon the outside, such decorations being especially applicable to hotels and such places, where it is desirable that each lamp shall bear the name of the establishment.

The November number of the Delineator is called the Thanksgiving number, and illustrates a bewitching wealth of autumn and winter fashion, the collection of stylish and becoming garments being particularly complete. A novel department of "fancy" is noted, and the colors and combinations in the seasons dress goods and the glint and glitter of lace, sequins and jeweled trimmings are attractively described. Mrs. Roger A. Pryor furnishes a gossip and a circumstantial account of dinner giving in society, and Juliet Cornsua writes interestingly on domestic service as an employment. The best kind of a theatrical dinner is described with recipes for all its dishes, and a timely article on carving tells us just how to gracefully dismember the noble bird, and menu gives Helen North details the varied industrial instruction to be had at Pratt Institute, Brooklyn, both for children and adults will be delighted to learn just how the crepe paper flowers are made and with the pictures of these amusing little figures. Harriet Forbes shows how burnt work decorations may be applied to creases, portieres and furniture, and Sarah Kirby describes and defends Froebel's Own Manual of Kindergarten work. J. Lankester gives illustrated instruction for a beautiful Greek pantomime drill. There is the usual entertaining teatable talk, as well as papers on Oriental rugs. Some artistescreens, floral work for the month, a novel entertainment and latest ideas in knitting, tatting, lace making, etc. Address all communications to the Delineator Publishing Co., of Toronto, Limited, 33 Richmond St. West, Toronto Ont. A GREAT NEWSPAPER.

No family is so poor that it need go without a weekly paper. No family is so rich that it can afford to do without one. No family rich or poor can afford to forget that the best paper is the cheapest and the one that brings big returns on the investments. The ideal family paper makes itself indispensable to every member of the household. It interests, helps, amuses and instructs, makes itself invaluable, and once taken is never abandoned. There is only one such paper in Canada—the Family Herald and Weekly Star, of Montreal, which circulates in every known part of the Dominion and is everywhere acclaimed as the greatest weekly publication.

Every subscriber to the Family Herald is assured for five hundred dollars free of cost.

Should as were its qualities as a family journal before, it has recently been enlarged from twelve to sixteen pages, of interesting new features and new departments have been added. Each issue is a wonder, and is received by the reader with eagerness that the great paper can be sold for the price. If you don't know the Family Herald has a premium picture entitled "Little Quebec," this year for yearly subscribers. Worth five times the value in subscription. This is verily an age of wonders.
